UTILITIES BOARD

IN RE: CS TECHNOLOGIES, INC.	DOCKET NO. TCU-01-17 TF-02-214
	CERTIFICATE NO. 0254

CERTIFICATE

(Issued August 7, 2002)

On October 4, 2001, the Utilities Board (Board) issued an order granting an application for a certificate of public convenience and necessity, pursuant to Iowa Code § 476.29 (1999), to CS Technologies, Inc. (CST). In the order, the Board approved the concurrence of CST in certain exchange maps of Qwest Corporation, f/k/a U S West Communications, Inc. (Qwest), and stated that CST would be issued a certificate when it had given notice to all affected local exchange carriers and had obtained an approved tariff on file with the Board.

On May 21, 2002, CST filed a proposed tariff that contained the terms, conditions, and rates for its local exchange service. Revisions to the proposed tariff were filed on June 24, 2002. The proposed tariff and its revisions have been identified as Docket No. TF-02-214. An order approving the proposed tariff and its revisions and issuing a certificate is being issued concurrently with this certificate. Since CST will have an approved tariff to provide local exchange service, the Board

will issue Certificate No. 0254, authorizing CST to provide local exchange service in the listed Qwest exchanges.

IT IS THEREFORE ORDERED:

This certificate of public convenience and necessity, issued pursuant to Iowa Code § 476.29(1) (2001), authorizes CS Technologies, Inc., to furnish local telephone service in the exchanges as shown by its tariffs as currently and subsequently approved.
